Space balance and space scale: mass measurement devices

Prof. Yusaku Fujii, Ph.D.
Gunma University, JAPAN
<fujii@gunma-u.ac.jp>

Abstract. Mass measuring methods, proposed by authors, are reviewed.
* Space Balance: Mass Measurement Device for small specimen[1,2]
* Space Scale: Body Mass Measurement Device for astronauts [3,4]
Ground experiments and parabolic flight experiments [5-7] are also reviewed.
